**LIQUID BREAD.**  
An Absolutely Pure Malt Extract.  
When we first conceived the idea to manufacture this nutritive tonic we were uncertain as to success, but knowing there was abundant room and place for it, if a really fine article could be produced, the experiment was made. It was our most earnest desire to produce, through the use of the choicest materials and most improved modern scientific appliances, aided by the highest educated skill and intelligence, a quality of Malt Extract unequalled by any other that had yet been put before the public. It was not merely an article that would sell that we sought to create. IT WAS ONE OF THE STRICTEST INTRINSIC MERIT that we aimed to produce, and to accomplish this we spared neither time, labor nor expense. Three years passed while we were yet continuously applying ourselves diligently to the task of bringing from the sum of our labors the result sought for, but we succeeded, and for nearly eight years the verdict of the medical schools and the public throughout this land has been attested and sealed by their appreciation of its superior merit, as the continuously growing demand through each successive year since its introduction to the people has shown. Its analysis, which we have often published, proves it to be the most delicate and at the same time the most nutritious of all modern Malt Liquids. It is pleasant to the taste, gracious to the stomach and generous in its production of new blood and flesh, a reinvigorator of mind and body, besides being to old people, invalids, delicate children and nursing mothers a priceless panacea. The leading physicians prescribe it. It is sold everywhere by Grocers and Druggists.

## IN CENTRAL AFRICA.

Capt. Williams and Lugard Have  
Joined Forces.

A CARAVAN ATTACKED AND THE ENTIRE  
ESCOURT SLAIN.

Critical Point Reached in Irish Affairs—  
British Politics—Exciting Scenes at a  
Libel Suit Trial in Paris—England's  
Iron Trade—Russia's Crop Prospects  
Are Poor—Briefs.

CAIRO, June 15.—A number of Egyptian  
refugees from Uganda have just arrived here,  
bringing another account of the recent  
troubles in Uganda. Selim Bey, they say, who  
had collected 1,000 British soldiers in  
Khartoum, declined to rejoin Emin on  
learning that he had entered the German  
service, but after some demur joined Capt.  
Lugard's expedition and both of them joined  
Capt. Williams in Uganda. Capt. Lugard  
visited King Mwanga and was cordially re-  
ceived. Two days later Capt. Williams sup-  
pressed a trifling quarrel. This led to  
further disturbances which ended in open  
fighting. In this fight the King was repulsed.  
He then fled to Lake Victoria, taking all the  
boats with him. Capt. Williams and Capt.  
Lugard treated the Catholics with every con-  
sideration and sheltered the missionaries in the  
fort.

Mwanga's retreat caused the suspension of  
communication with Mombasa. A caravan  
conveying goods to Capt. Williams was cap-  
tured by Mwanga, who killed the entire es-  
cort, numbering sixty blacks. The refugees  
consider Capt. Lugard able to withstand any  
attack.

## BRITISH POLITICS.

A CRITICAL PERIOD REACHED IN THE  
IRISH QUESTION.

LONDON, June 15.—In an address to-night  
before the Conservative Union Mr. Balfour  
said that the development of the Irish ques-  
tion had reached a most critical period. The  
Gladstonians were bound by the necessities  
of their situation to rely upon performances  
and upon promises to sweeten the bitter  
draught of home rule. The Conservative  
performances in the past showed what might  
be expected of them in the future in the di-  
rection of legislation.

Mr. Balfour then recounted the various  
measures that have already figured in the  
Tory programme. He added that the Govern-  
ment had in view no plan for old age  
pensions, but he thought a private enter-  
prise might be suggested by state aid.  
The National League of Great Britain has  
issued a manifesto to Irishmen in Great  
Britain. It says that the anti-Farmalites  
have rejected honorable terms for a truce  
and have declared war to the knife and pre-  
dict that three years will elapse without  
home rule for Ireland being granted. At the  
expiration of that time the manifesto con-  
tinues, part of the McCarthys will have  
deserted the enemy and the others will have  
had the country in their hands. The little band  
of Farmalites will then form the nucleus of a  
new Irish army to save the nation.

In the House of Commons to-day the govern-  
ment accepted the amendments to the  
Irish educational bill, proposed by Mr. Thos.  
Stanton (McCarthy) member for West Bel-  
fast, and the measure then passed the com-  
mittee stage.

Truth says that Sir William Gordon Cum-  
ming, the principal in the famous beca-  
ratt scandal, will stand for election as mem-  
ber of Commons in the Eglinton borough at the  
approaching general elections.

## DISORDER IN COURT.

EXCITING SCENES AT A LIBEL SUIT TRIAL—  
PARIS NOTES.

PARIS, June 15.—M. Drumont, charged  
with criminal libel, was yesterday found  
guilty and sentenced to three months' im-  
prisonment and a fine of 1,000 francs. There  
were several noisy scenes during the court  
proceedings to-day and once it became nec-  
essary to clear the courtroom. M. Drumont,  
who defended himself, called on the jury to  
shout with him, "Down with the German  
Jews; France for France." From the front  
of the court he received an enthusiastic but  
disorderly greeting from his friends, who  
shouted, "Long live Drumont!" Several were  
arrested. The Boulevard Deputy Laguerre  
has challenged the Marquis de Mores to fight  
a duel, the latter in giving evidence at the  
Drumont trial having accused the former of  
accepting a bribe from the Bank of France.  
Among the honors just awarded at the  
Champs Elysees were the following given to  
Americans: G. S. Truesdell, the painter,  
second-class medal; W. H. Leigh, John  
Hamilton of Philadelphia, Herman Hartwig  
of New York and Walter Newell of New  
Haven, painters, received honorable men-  
tion; D. C. French of New York third class  
medal.

## GENERAL FOREIGN NEWS.

BRITISH IRON TRADE—URUGUAY'S FINANCES—  
BRIEFS.

LONDON, June 15.—At the annual conference  
of the British Iron Trade Association held  
to-day, the Chicago Columbian Exhibition  
was discussed from the point of view of the  
British iron and steel industries. Mr. W. S.  
Came, the President of the association, said  
the British manufacturers ought not to con-  
sider the United States only, but also the  
features of the iron trade of Great Britain  
and its relation with the whole of North and  
South America.

Mr. Andrew Carnegie maintained that the  
United States was still the best customer of  
Great Britain, and was likely to so remain.  
It was only to America, he declared, that  
England could look for an increase in her trade,  
which was already at a standstill, or declin-  
ing with some other countries.

URUGUAY'S FINANCES.  
MONTEVIDEO, June 15.—Minister of Finance  
Ramirez refuses to consider the request  
of the President's retainer office, de-  
claring that the financial situation is calamitous.  
There is a panic on the bourse. Values  
have declined and the Government gives  
guarantees for the paper issued.

POOR CROP PROSPECTS.  
ST. PETERSBURG, June 15.—Official reports  
as to the harvest prospects show that the  
general outlook is not so bright as it was  
during the summer of 1891. Locusts have de-  
stroyed the crops in the Caucasus, the stores  
of grain in which district were the situa-  
tion last autumn. It is impossible to hope  
much from Southern Russia, where the crops  
have been ravaged by worms and by the field  
marmot.

ASTORIA WILL TAKE PART.  
VIENNA, June 15.—The *Tagblatt* says the  
Government has intimated to the United  
States that Austria will take part in the  
silver conference proposed by America. Her  
delegates, however, will be on a non-com-  
mittal footing.

## IN A SAND STORM.

Two Young St. Louisans Perish on the  
Arizona Desert.

An Associated Press dispatch received  
here this morning from Phoenix, Ariz.,  
states that the dead bodies of two young  
men were found in the desert southeast of  
Yuma last Tuesday. The men were identified  
as W. W. Powell and James McClure of  
St. Louis. They had been caught in the desert  
during a terrific sand-storm and perished.  
No tidings could be obtained  
of any one named W. W. Powell who had  
left St. Louis for the West recently, but the  
Mr. McClure mentioned is probably a young  
man whose home is in Bowling Green,  
Ky. The only difference is that  
Mr. James McClure resided for a few months  
last winter with relatives of his named  
Strong, at 225 Standard street. Mr. Strong  
has since been removed from that  
number. Mr. McClure was employed in the  
office of the Missouri River Com-  
mission, Billings, Mont., and was in charge  
of the St. Louis office. He was a young man  
27 years of age. He formerly  
lived with his brother, Logan Mc-  
Clure, at Bowling Green, Ky.

He was a restless young man and  
had given up travel. He had a government  
position in Washington, D. C., at one time,  
and was also employed in mercantile pursuits  
at his home in Kentucky. He came to St.  
Louis in search of work last year, and  
several months ago he went to Chicago.  
Mr. McClure was a native of St. Louis.  
McClure went from Chicago, but regards it as  
likely he was in the West, on account of his  
restless disposition. He has no positive  
knowledge of his whereabouts, however. Mr.  
McClure has many relatives of high standing  
in St. Louis and is also highly connected in  
Kentucky.

Rolling In and Rolling Out.  
The hot weather of the last few days, has  
created an immense demand for thin goods.  
The cry goes up from perspiring man-  
kind, "give me something cool to wear."  
The rush for thin coats and vests, straw hats  
and airy furnishings at the popular estab-  
lishment of F. W. Humphrey & Co., has been  
something unprecedented. Express wagons  
deliver fresh lines of summer necessities  
daily and they are sold out within a few  
hours. But the supply is kept up to the  
standard and gentlemen in search of solid  
comfort clothing should go to Humphrey's,  
Broadway and Pine.

WHY HE DISAPPOINTED HER.

Joseph Mueller Says He Had No Money to  
Get Married On.  
Joseph Mueller, the young man who failed to  
carry out the contract of marrying Miss Dora  
Fink of No. 451 Oregon avenue, gives as his  
reason for disappointing the young lady that  
he was short of funds. Mr. Mueller is a quar-  
ryman, and has been out on a strike.  
His earnings which he had saved prior to the  
strike, were exhausted during the strike.  
Money was due him for labor which was  
promised him Monday evening but as his  
employer failed to pay him, he was unable  
to prepare himself for the event.  
His mother called the police station to-  
day afternoon and asked Police Captain  
Sam Boyd to give the boy protection, as his  
life had been threatened.

The Captain promised the necessary pro-  
tection. Later in the evening Miss Fink's  
parents called at police headquarters to see  
whether Mueller could not be arrested for a  
breach of promise. The police officers to whom  
the police could not benefit them any in that  
direction, but were advised to see a lawyer.  
Miss Fink is almost prostrated with grief.

Whisky Dealers Assigned.  
LOUISVILLE, Ky., June 15.—Dant & Carter,  
wholesale whisky dealers at 308 West Main  
street, have made an assignment to the  
Germania Safety Vault & Trust Co. in the  
county clerk's office. An individual assign-  
ment was also made by Edward D. Carter.  
The firm has been doing business in this city  
for about eight months. The assignment  
was precipitated by an attachment suit for  
\$4,000 brought by J. W. Dant against the  
firm. The assets are he said, \$4,000, while  
he thought \$48,000 would cover the indebted-  
ness.

PRINCE MICHAEL.  
Disgracing Testimony in the Trial of the  
Scamp.

ANN ARBOR, Mich., June 15.—The trial of  
"Prince" Michael, the notorious leader of  
the "Flying Roll" sect, for assault upon  
Bernice Bickel was continued yesterday, and  
there was the same amount of interest shown  
by the ladies who crowded the court-room  
as on Tuesday. May Webster, one of the  
dupes, was the first witness to testify. She  
corroborated the testimony Miss Bickel gave  
Tuesday as to the assault made upon her by  
Michael, who gained his purpose through  
threats. The details gone into by Bernice  
Bickel were disgusting and revolting, being  
unit for publication. In all particulars they  
were substantiated by Miss Webster, who  
was also a victim of the alleged "Prince."  
The examination of Miss Ellen Rawlinson,  
who is also a complainant on the same  
charge, resulted in testimony of the same  
nature being elicited. Chief clerkweather of  
the Detroit police force testified that he  
affirm the charges made against him by Ber-  
nice Bickel. He said he was not responsible  
for anything he did to any of the girls; that he  
was controlled by some supreme power.  
Testimony for the defense was then taken.

SUCCESSFUL RAINMAKING.  
A Copious Downpour Produced on a Con-  
tract.

KANSAS CITY, Mo., June 15.—The Journal's  
Goodland (Kan.) special says: A drought of  
three weeks was broken last night by an  
artificial rain which fell in refreshing quan-  
tities. The farmers have been suffering from  
drouth for three weeks and had become  
dependent over the situation when they  
contracted with the Swisher Rain Co. to  
cause a bountiful rain. The operations were  
began the night before last and were con-  
ducted on the Melbourne plain. Last night  
rain began to fall and continued falling  
nearly all night, doing invaluable good to  
the crops. The farmers, of course, attribute  
the rainfall to the rainmakers and are en-  
thusiastic over the latter's success. The  
manager of the Swisher Co. claims he can  
produce rain on twenty-four hours' notice at  
any time in any part of the continent.

Webster Park

Is designed to always remain exclusively a suitable and desirable residence dis-  
trict, and to this end the deed to each lot will set forth certain conditions and  
restrictions, such as the recognition of an established front and side line on each  
lot for all buildings whatsoever, the limitation of one dwelling-house, of at least  
two stories, on a single lot, and the prohibition of all nuisances.

The high ground on which WEBSTER PARK is situated affords many  
commanding views of the country for miles around. From the highest points  
the spires and large buildings in the western part of the city loom up as if only  
a mile or two away. At night the electric lights are clearly seen and their re-  
flection from the distant skies brightens perceptibly the heavens overhead. Fine  
prospects, with hills billowing on hills, open up to the north and west.

It is surrounded on the north and east by Tuxedo and Old Orchard, on  
the south and west by Webster Groves, thus giving choice of four stations.
